the TO Statement of Work that's issued to the contractor?

However, the date of the TO SOW is not the same date that EPA uses to count the bean for an RI/FS start, which is the date the work is funded (either partially or fully funded). Thanks

Hi Vince,

In order for TCEQ to get a bean for the "Evaluation Underway" phase of the WCR 112 Site I'll will need a copy of the Task Order for the field work you conducted at the Site. I hope this makes sense to you, but call me if you have any questions. I appreciate your time.

Sincerely,
Dani
